

REMARKS

This voluntary amendment is submitted to correct certain errors in the claims of the application. Claim 1 has been amended to correctly state that the sheet is bonded together extending from "each gusseted bottom edge" instead of the "fold line". Further, Claim 3 has been amended to recite the limitation that the predetermined angle is about forty-five (45) degrees. This limitation was inadvertently deleted in the claims as originally filed. Please note that this limitation finds support at paragraph 0036. No new matter has been added by these amendments. Favorable entry and consideration of these amendments is respectfully requested.
